Introduction :

The above team was again operating this year from scout center "Les Pérouses" near Geneva with six operators and the special callsign HE8S (special swiss prefix for 80 years of USKA in 2009) from Friday evening to Sunday afternoon. Interesting contacts have been made despite of low radio conditions. All contacts have been confirmed by a special QSL card.

Radio Equipment :

- a first HF station, connected to a 3 elements beam, was dedicated to 20m and 15m bands
- a second HF station was dedicated to 40m with a 2 éléments vertical antenna (DL9BCP)
- a third station HF station, with a dipole, was dedicated to 80m
- one VHF-UHF transceiver, connected to a vertical antenna, was used for local contacts
- one PC was dedicated to Echolink operation (by PA5UL) via the local ADSL line

Social thanks to Eric HB9IAB for his help to install and dismount the HF beam.

Some special calls out of the JOTA log :

Special callsigns for the Jota week-end or special event stations:

A43JOTA, ON4JOTA, IR0JOTA, ES3JOTA, OH3 and OH4SUF
5B4LSS, 5Z4KSA, GB100FSS, ZD7SSG, IR9BP, DP9S, WN4BSA, etc.

and traditional "JAM" suffixes :

TC1JAM, CR3JAM, LA4 and LA3JAM, PA6JAM, HB9JAM, DL0JAM, II0JAM
and on echolink : AM8JAM, VE6JAM, OH2JAM, LX1JAM, etc.

Some good friends in radio scouting :

VE3MYF (Len), LA4LN (Tom) , LA8RU (Tormod), OH7GIG (Banda), and others...

Excellent QSO on 20m with K2BS/mm, Shelly on Equinox cruise ship between Turkey and Egypt. Shelly was using his 1Kw station from the boat, what a strong signal !

Günther was operating on 40m on Sunday (midnight to 4 am local time) and had some good DXs, including 27 stations from the States. Short opening on 15m on Sunday afternoon.

General comments :

Once again we spent an excellent JOTA week-end in Satigny with a great team of scout operators. We had a lot of visitors from WSB and a scout group from Annemasse. The scouts were camping outside and had opportunity to use computers installed by the JOTI team.

After 4 JOTAs at the same location, the HB9S team would like to set up the station somewhere else next year, may be abroad, and is looking for suggestions.

Yves, HB9AOF, station manager
